

## **TOTAL COST OF TEETH WHITENING**

The cost of dental aesthetic dentistry works depends on many parameters such as: the severity of the treatment, the planning complications, the cost of the specific materials that will be needed (e.g. special temporary restorations) and the payment method.

The Dental Center has pre-agreed prices (packages) for all dental aesthetic dentistry which covers all costs (except for any intervention that will be required in the event of a complication)

**Card payment method, one-off or in equal instalments (free of charge)**

- You are allowed to have a photo image of the result at the end of the dental treatment as well as before the treatment
- Chromatography is done electronically before and after the bleaching process to accurately determine the colour difference

DENTAL TREATMENT	Price	Taxes	Total Cost
<b>Kit whitening Zoom!® (Discus™ - USA) with whitening guards at home (6 syr. x 2.4ml)</b>	120 €	30 €	150 €
<b>Whitening kit maintenance Zoom!® (Discus™ - USA) (3 syr. x 2.4ml)</b>	60 €	15 €	75 €

The final cost is for usual cases & includes all taxes.

The total cost can be increased if the bleaching tooth needs additional treatment (e.g. endodontic therapy, dental filling, teeth cleaning, dental fiber post. gingivoplasty. bone graft e.t.c.)

**WARRANTY OF ECONOMIC PACKAGE :**

It is well known that there is no final cost guarantee for dental services because unexpected costs are likely to arise (eg usage of medicines not planned, change of treatment plan, complications, etc.). We provide you a final cost guarantee, provided that the treatment plan will not change..

**IF YOU ARE FROM PROVINCE OR ABROAD :**

Because we accept a large number of patients from the province and abroad, these patients are managed in such a way that, afterwards planning, the duration of the treatment should be pre-agreed. Special condition requires that dental treatment is scheduled at least 1 month ago. At the same time, there is no waiting list for the patients in the province, as the timing of the visits, to facilitate these patients, there is the possibility of treatments on Saturdays.

**FOLLOW – UP TREATMENT:**

Follow-up of dental treatment is done by sending photos via e-mail (always if physical presence is not required) of the patient in the practice area), as a result avoiding repeated visits. In this case instructions are given either by phone or by e-mail
