WARRANTY OF ECONOMIC PACKAGE :

It is well known that there is no final cost guarantee for dental services because unexpected costs are likely to arise (eg usage of medicines not planned, change of treatment plan, complications, etc.). We provide you a final cost guarantee, provided that the treatment plan will not change.

IF YOU ARE FROM PROVINCE OR ABROAD :

Because we accept a large number of patients from the province and abroad, these patients are managed in such a way that, afterwards planning, the duration of the treatment should be pre-agreed. Special condition requires that dental treatment is scheduled at least 1month ago. At the same time, there is no waiting list for the patients in the province, as the timing of the visits, to facilitate these patients, there is the possibility of treatments on Saturdays.

FOLLOW – UP TREATMENT :

Follow – up treatment is done by sending photos via email (always when physical presence is not required of the patient in required area, as a result avoiding repeated visits. In this case, instructions are given by phone or by email

If you wish to book an appointment, please call: **+30 210 64 66 600** (24hrs support 365 Days/year)

or
